Building Incredible Mentors

Thank you to all Sorors who joined the "Defining Mentorship" webinar. This webinar defined the role of the Membership Committee, discussed new member needs and key factors of Mentors while also defining mentor qualifications deemed by the Membership Committee. If you did not attend the webinar, the information was sent out to the financial body and can be sent out to you. Contact the Membership Chair at alphasigma1922membership@gmail.com for more information.

To become an incredible mentor this workshop was the first step of being Level 1 Certified; once you complete the webinar and ten question quiz. After completion you will receive a certificate of completion which verifies you know the expectations and clearly defined goals of a successful Mentor/Mentee relationship.

The next webinar will be available to Mentors who have been chosen as a Mentor for the Spring 2019 T.O.R.C.H. Alpha Sigma class; You're a Mentor Now, What's Next. Be on the lookout for the Save the Date.

Message from the Membership Chair...

As a new Anti-Basileus my vision for the 2018-19 sorority was to support the reactivation, reclamation and recruitment of new members while also providing training and development opportunities for our sisterhood. I wanted to bring my creative personality into the role to provide new opportunities but also support the foundation that was created prior to. Soror Norman has been there to support me throughout this journey among other Sorors and I thank you all very much. I also have an amazing team that keeps me on my toes and who understands the goals, vision and needs of Alpha Sigma. I am appreciative to them because they have my back and tell me no if I get carried away, lol. I could not do this role successfully without my team of leaders, rubies, life members, seasoned and new Sorors. Just know they are the bomb.com! Sorors I appreciate you for engaging in this journey with me, just know I may make a few mistakes but your support will be helpful for the success of our new and reactivating members and Alpha Sigma as a whole. Take the time to enjoy this journey with me; be innovative, join a committee, get to know a Soror that you are unfamiliar with, sit somewhere different at chapter next month and come out to events. The sorority year is almost over so lets go out with a BANG!
